Take Maximum Control Of Your WordPress SEO! SEOPressor plugin gives you maximum SEO clarity on your WordPress sites with a host of customization & optimization features designed for controlling SEO with ease. SEOPressor gathers the most essential SEO intelligence of your website and present them in one place. You can gain important insights to your website's SEO health with crystal clear clarity. SEOPressor is developed to emulate the way Google rank results as close as possible. We do this by excessively experimenting how Google actually works in real time, get as many information out of Google's announcement as well as pry the rest of the stuff they're not telling from Google's own search engine patents. SEOPressor Connect features the most complete toolkit for on-page SEO you can get under one place. SEOPressor measures your website's semantic quality with its built in semantic analytic called SemantiQ? Engine. Through calculating and measuring your website's data, it is able to suggest how to strengthen your contextual signal for precise search engine interpretation.
